November 1964

Mother Nature has been doing a good job of compensating for the cold and windy weather we had in August and September, by bringing us many days of the "shirt sleeve" temperatures. The calendar, however, makes us realize that winter is soon to come and the Islanders are busy preparing for it.

GAME NEWS: This has been a record year for fall hunting, thanks to an article written in "Outdoor Life", by Ben East. As the hunting pressure mounted, the partridge became more wild, making shooting difficult, but those that really worked, got birds. Garden Island has been a popular spot for bird hunters this year. One group of five, from Ludington, camped for a week on Garden and along with some ducks, took home fifty partridge. Hunters on Beaver Island spotted a large number of turkeys toward the south end of the Island and they estimated about a hundred in the group. This is an amazing number from the total planting of 35 just three years ago.

All facilities are filled for the first week of the doming deer season, which shows signs of being a record year, also. Not only are the deer plentiful but many large bucks have been seen this fall. Why not come on up and fill up that second week, too.

In October, the Conservation Department re-stocked Fox Lake with 1700 Brook Trout. Two plants of 850 each with the average being 9.7 inches. The total weight of this planting was 600 pounds. A beautiful sight to see in the fall are all of the Trout up in the shallows along the shore during the spawning period. The water literally boils with them. There were those this summer that felt the Trout were gone, for they were so hard to catch. This sight, seen only in the fall, proves there are a great plenty of them and many are real good sized. By the way, this sight was observed before the planting.

There were 18 Archers on Beaver Island this fall and 7 deer were taken. Mr. and Mrs. Barney Lastinger of Bellville, Michigan and Mr. and Mrs. Don Clark of Milford, Michigan a camp buck - 4 points. Don Clark - a doe on the 16th, Ruby Clark a doe on the 10th and Don Stough a doe on the 30th. Mr. and Mrs. Lastinger each took a deer and the Maurice Teter party of Livonia, Michigan were lucky, too. Or were they, remember their tent caught fire at the State Forest Camp Site.

REMEMBER THE HUNTER'S DINNER ON NOVEMBER 16th AT THE PARISH HALL.

Beaver Island School received a donation of a beautiful set of Geography Encyclopedia's from Mr. Eddie O'Donnell, a former Beaver Islander, who now lives in Lincoln Park. His letter in part went this way:

"One of my fondest memories is being allowed to read Geography books of the more advanced classes, on the very rare occasions when I might be ahead. I was always interested in places 'away from here' and it seems funny, but now about the only place that occupies my mind is back 'there.' The children of grades five thru eight are making good use of the books.

The Beaver Island School Board has purchased beautiful new desks for grades five through eight. If the old desks could speak, they would tell of years of service to the Beaver Island children!

BEAVER ISLAND YOUTH CENTER OPENS: The Holy Cross Parish donated the use of the hall. The Townships of Peaine and St. James and the Beaver Island School Board donated $1,000.00 for expenses and Halloween marked the date for the first opening. With cider and carmeled apples, the kids made themselves, ten dozen donuts made by Mary Gatliff and a large number of frosted cupcakes made by Sybil Larsen, they were loaded with treats. At 6:00 p.m. the Sister's showed a full length movie "Pepe" at the school for the little ones, after which they went to the hall for games, costume parade and treats. At eight thirty, the movie was run a second time for the older kids.

Equipment included at the Center are two badminton courts, two ping-pong tables, three pool tables, a juke box, lapidary equipment for cutting and polishing stones, twelve paint sets and a jig saw at present.
A complete wood working shop will be added in another two weeks. Supervision is by adult volunteers. The Center is now open from 7 to 11 p.m. on Fridays, 4 to 5 p.m. and from 7 to 11 p.m. on Saturdays and on Sundays from 4 to 8 p.m.

It's success is wholly dependent on donations and volunteer help in management. Though the Island is an ideal place for youngsters, the school is too small for athletic and social events. This we hope, will supplement their needs.

BEAVER LODGE MANAGEMENT
After reading last month's poem, Mrs. James Carpenter gave us the following poem for this month.

How do I know that my Youth is all spent?
Well, my get-up-and-go has got up and went,
But in spite of it all I am able to grin
When I think of the places my get-up has been.

Old age is golden, so I've heard said,
But sometimes I wonder as I hop into bed
With my ears in a drawer, my teeth in a cup
And my eyes on the table, till I wake up.

Ere sleep dimes my eyes I say to myself,
"Is there anything else I can lay on the shelf?"
And I am happy to say, as I close my door
My friends are the same, perhaps even more.

When I was a young thing my slippers were red,
I could kick up my heels as high as my head.
Now when I was older my slippers were blue
But still I could dance the whole night through.

Now I'm still older my slippers are black.
I walk to the store and puff my way back.
The reason I know my youth is all spent:
My get-up-and-to has got up and went.

But, really, I don't mind when I think with a grin
Of all the grand places my get-up has been.
Since I have retired from life's competition
I busy myself with complete repetition.

I get up each morning and dust off my wits,
Pick up the paper and read the "obits".
If my name is missing, I know that I'm not dead,
So I eat a good breakfast and go back to bed.
