April 1966

Somehow the order for spring weather got mixed up this year, for March came in like a lamb and by mid-month, the lion ate it up and he is still growling around, well into April. Regardless of this, spring chores are the order of the day for a new season will soon be here and preparations must be made.

WEATHER: This month before we give you the weather as recorded by Fire Officer Bill Wagner, we would like to have you read the following poem:

SEASONAL GRIPES

Spring vacation, "skeeters" spoil,  
June imposes sunburn oil,  
Poison ivy, flies, and ticks;  
Summer's gettin' in her licks!  
Hail the autumn, pollen flies,  
Sappy nose, and briney eyes----  
Comes the winter, ice and snow.  
Concede defeat, and let 'er blow.

And now the weather:

Beaver Island weather for the month of March.  
Temperatures recorded for only 28 days. No temperature recorded on the 23rd, 24th and 25th.

CLEAN UP TIME?? Spring is here and everyone is jumping to get outside and rake the yard and clean up the wastes of the winter months. But THINK before you light the match to burn that pile of trash. IS THIS FIRE SAFE - WILL THIS FIRE SPREAD and become a statistic among the rest of the raging FOREST FIRES? -- PLAY IT SAFE -- Burn small amounts at a time - Burn during the evening when the wind has died down - Burn in a safe place, preferably in a covered trash burner away from unmatted leaves and fuel that could let the flames spread out of control - NEVER LEAVE YOUR FIRE UNATTENDED - Have a water hose or a pail or two of water ready - (a shovel or a broom makes a very handy tool for controlling your fire) Now you are ready to light that pile of leaves. WAIT A MINUTE! Did you forget to call for a burning permit? Burning permits can be obtained from your local Fire Officer, or Conservation Department Offices, for FREE.

Act 143, P.A. 1923, as amended, provides that:
1. You must have a permit to have an open fire except when the ground is snow covered, or for domestic purposes, or to protect persons or property in case of fire.
2. You must have some competent person constantly in charge of your fire to prevent its spreading.
3. Any person who wilfully, negligently, or carelessly sets a fire which injures or endangers the property of another, may upon conviction, be assessed a fine of not more than $100.00 and costs of prosecution or imprisonment for 90 days or both such fine and imprisonment.
4. Any person who maliciously sets a fire which endangers human life or destroys the property of another, may, upon conviction, be assessed a fine of not less that $100.00 nor over $500.00 or imprisonment for a term of not over 10 years or both such fine and imprisonment.
5. Any person who negligently allows a fire to escape is liable for all expenses incurred by the State of Michigan in the suppression of such fire.
6. A permit may be revoked if conditions are such that burning may not be done safely.

You have a RESPONSIBILITY - Get a PERMIT - CONTROL your fire and KEEP MICHIGAN GREEN.

GAME NEWS: Twelve noon marked the start of Beaver Island's beaver trapping season for several Island trappers. Karl Kuebler and Dennis Wagner teamed up and rang up a score of three the first set. Rogers Carlisle and Ron Wojan made theirs four but a newcomer to the Beavers, Duane Newstead had a score of zero for the first day. Good Luck to you all.

Our new flock of Canadian Geese are responding well to the loving care of the Game Club's appointed Goose Sitter, Jack Martin. This is the time of the year that the ganders prepare their nests for their expected brood. Resident club members, like a whole team of expectant fathers are anxiously awaiting the results. Through the generosity of Jim Evaris and his plane, Erwin Martin, Bud McDonough and Phil Gregg were flown to Manistique to look over the layout of Rudy Mienksa, who has successfully raised geese for over eighteen years. It was from here that ten of our pair were purchased. Some tricks of the trade were learned and we hope the results will bring success to this worthy project.

A bonus addition to the water fowl population of the Island are ten mated pairs of Mallard Ducks. These are being presented to the Beaver Island Game Club from the Indian River Game Club, by Roy Chambers, a frequent hunter and trapper on Beaver Island.
HIGH FLLERS: Undaunted by two inches of snow on the ground, school let out on the afternoon of the first of April, to conduct a kite flying contest from the field of the Frank O'Donnell farm. Kites of various sizes, shapes and colors and many home made, were soon dotting the sky. Plagued by an island shortage of kite string, balls of darning cotton, fish line and thread were in great demand. The first prize winner was Leonard Kenwabakise, who received a trophy and a free pizza at the Circle M Lodge. Second prize went to Jim Wojan, in the form of paper and pencils. A book was presented to Gale Dillingham as third prize, for tricky flying.

In spite of advice and assistance from adults, all entrants got their kites air born.

PARTIES PAST: This year's Chicago Party was attended by a record number, with a good representation from the island. All reports support the fact that everyone had a great time. Attending from the Island were Lloyd and Bud McDonough, Archie Minor, Walter Wojan, Dick LaFreniere, Jewell, Rita, Johnny and Bill Gillespie.

St. Patrick's Day was celebrated here on the Island in grand style, with a dinner at the Holy Cross Hall, rounded out with an evening of entertainment afterwords, including a program by the 5th thru 8th grade school children and a short Irish movie. Total proceeds from the party was $131.00.

Dr. Haynes had planned on celebrating his 76th birthday in a quiet manner with dinner at the Frank Schmaudigal's but upon returning home found his basement recreation room filled with 46 well wishers, plus a large supply of cake and home-made ice cream.

SPRING PAINT UP TIME: Most everyone is swinging a paint brush these days in preparation for the coming season. Grace Cole is busy re-decorating her Killarney Restaurant. Dick LaFreniere is paint the inside of his store. Archie LaFreniere has been busy most all winter, giving the Shamrock a face lifting with a new inside paint job, new ceiling and curtains. Lloyd and Bud McDonough have done extensive re-modeling in their store, making it larger and brighter. Jack and Eileen Martin are planning another addition on the Circle M Lodge, to be completed this summer. Beaver Haven, owned by Walker Hill and Phil Gregg, will construct a 100 x 60 foot boat storage building. The Michigan Conser-
vation Department is planning a new dock to be built out from the Conservation building. Perhaps, the island doesn’t change fast, but gradually the island is developing into a more functional community.

The Senior boys of Beaver Island School, William Gillespie and Ernest Martin attended the Annual Senior Government Day for Charlevoix-Emmet County at Boyne City on April 4th.
