IS THERE A PLACE?

Is there a place
Anywhere at all
Where everyone is everybody's friend
Winter through fall?

And is there a place
Where civilization is the exception
And forests and fields prevail?

Or
Where the song of a bird
Or the chirp of a cricket
Takes the place of a child's wail?

Is there a place left
Where one can walk along a lonely beach
And feel as if
He is completely out of human reach?

Is it possible that one can wander
And see remains of past generations?
Is there really a place where one can live
Without worry or frustration?

Can there still be a place
Where the wind blows strong and free?
And can it be possible to find that sometimes
There is only silence to greet you and me?

Have hope, my friend.
There is such a place.
And one day we'll go there
Hand in hand.

What is this haven
This paradise
This place of peace?
This, my friend, is
Beaver Island.

Fran Lechner
With Labor Day passed, a new season is making itself known, putting a little nip in the air and a sign of color on the leaves. This starts a time of year that is a favorite for many. A slower pace, clear skies and the smell of autumn marks a delightful change of seasons.

OUR COVER POEM: Our cover poem was composed by a 14 year old guest of Mr. and Mrs. Patrick Bonner. She is Fran Lechner and was visiting the Bonner’s with Mr. and Mrs. Robert Bonner of Kalamazoo. The poem was composed August 16, 1966 at Bonner’s Bluff and we thought all Beaver Islander’s would enjoy it.

WEATHER: The weather for the month of August as recorded by Fire Officer Bill Wagner.

High temperature for the month was 80 degrees falling on the 28th and 30th.
Low temperature for the month was 49 degrees occurring on the night of the 19th.
Average daytime temperature was 74 degrees and average nighttime temperature was 53.5 degrees.
A total of 2.28 inches of rain fell during the month, with hail on the evening of the 29th.
Fog occurred on the 15th, 16th, 22nd and 23rd.
There were 2 days with temperatures in the 80’s; 19 days in the 70’s and 7 days in the 60’s.
No weather was taken on the 11th, 12th and 13th of the month.

GAME NEWS: Although ideal weather got the early partridge season off to a good start on Garden and High Islands, the birds haven’t been very cooperative. Many hunters claim there are no partridge, yet we know better. September and even the first week of October is usually too early for good “Pat” hunting. Later in the season the birds will bunch up, and when the leaves fall, it will provide more open shooting. The no bag limit season on partridge on GARDEN AND HIGH ISLANDS ONLY, will be open all during the small game season. All hunter’s must have a Small Game license and must check with the Conservation Officer on Beaver Island for their permit, before going to Garden and High Islands. Everyone must check with the Conservation Officer on Beaver Island when they return from the Islands. Maps of both Garden and High Islands showing trails, openings and generalized cover types, will be available on Beaver Island when hunting permits are picked.

REMEMBER - THERE IS A DAILY BAG LIMIT ON BEAVER ISLAND.

Fishing is still fair to good in the inland lakes and at Garden and Hog Islands. Nice catches of bluegills are being taken from Barney’s and Fox lakes. Fox Lake, which was planted heavy with brook trout four years ago, after being poisoned out in preparing for the planting, has some how come up with a nice crop of bluegills.

TURKEY PERMITS: (Season November 2, 1966 thru November 10, 1966)
To obtain a permit you must submit an application on or before Sept. 23, 1966. Application must be made on a postal card addressed to the person applying. The other side of the postal card must have the hunter’s 1966 Small Game License number, area number (Beaver Island is Area #3) and must have applicants signature on it. Mail in an envelope to: WILD TURKEY, Dept. of Conservation, Lansing, Mich.
100 permits will be drawn from the applications sent into Lansing.
